Fellow Six Foot Tracker,

## Welcome to the results booklet for 2005 !

Once again, we had a very pleasing number of entrants, starters, finishers and most importantly a good percentage of you finishing within the time limit ((669 entrants, 621 starters, 585 finished, 563 finished within cut-off). We only had a very small percentage of runners fail to complete the course, as always, so feel pleased that most runners were well trained for the particular challenges the course has to offer. Luckily precious few of the fail to finishes resulted in any serious medical issues, and most of the withdrawals resulted from scratches and bruises, to the ego as much as to the body !

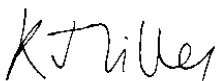

Most runners we have received feedback from appeared to enjoy the event. The weekend was aided in no small way by excellent weather conditions, as the race is often lucky enough to enjoy. Certainly the weather was great for family and friends gathered at the finish line to watch their loved ones return "home".

I have been pleased to hand over a cheque to the NSW Rural Fire Service Blue Mountains District for \$21,500 as proceeds from the event. Due to the very generous donations received from the runners entries, we were also able to pass \$7000 to the Six Foot Track Heritage Trust to assist in trail maintenance and the provision of facilities for hikers (and runners!) along the Six Foot Track. I am pleased to announce again that our race is the 5<sup>th</sup> largest marathon in Australia, and by far the largest "ultra-marathon" and we are the only one of the top 5 marathons to made a summary of our balance sheet available – see the last page of this booklet. We also donate reasonably large sums of money to St Johns Ambulance Brigade and the Jenolan Caves Trust.

Please find within this booklet the final and full race results for this year, some statistics on ages and finish times, and some other information about the race.

Runner reports, comments and feedback etc from this year's event are posted to our website [www.sixfoot.com](http://www.sixfoot.com) - feel free to look at these and all previous year's results and add your comments about the event, or read those from other runners.

Finally, myself and the rest of the race committee hope that you can join us again on **Saturday 11th March 2006** for the 23<sup>rd</sup> annual Six Foot Track Marathon.

Kevin Tiller  
Race Director

**As always – we appreciate and listen to your feedback – please use the address or website as above.**

# Thank God For The Rural Fire Service

For runners to be able to spend the day running in such fantastic scenery as the Six Foot Track Marathon affords is a rare treat, but to be so well looked after by the firemen and women that are normally risking their lives putting out fires is very special. Not just the help from the food and drink they handed out, but the encouragement given – they made the runners feel like Kings and Queens and many runners have told us that they would never have made the finish line without such great encouragement.

**A big “thank you” to all the brigades that helped out at the event this year, from ALL the runners!**

Of course, this race just would not be able to be staged without the behind-the-scenes assistance that the RFS have always provided, and in turn all proceeds from the race are handed over to the brigades to assist in the purchase of equipment for the Blue Mountains crews.

**\$21,500** was raised this year, and this money comes from a portion of each runners’ entry fee, donations and from the sale of T-shirts and other merchandise. The race committee is very happy with this amount, as once again after the bushfire season there are a lot of costs for the local brigades to re-stock and re-equip.

# With Lots Of Help From Our Friends

# Age & Gender Adjusted Results

The objective of age and gender adjusting of results is to put everyone in any race on a level playing field regardless of their age or gender. It allows 20 year old males to properly compare their efforts with 60 year old women by assigning points that are tabulated from many thousands of race results worldwide. The Six Foot Track is not a "regulation" distance. So, to arrive at the appropriate AGA standard for the race, the results of the past 3 years were tabulated, AGA scores averaged, and then the distance was adjusted to arrive at a statistically accurate AGA standard. That computed to the **Six Foot Track Marathon being the equivalent of a 60 km road race.**

The tables also indicate that if the world marathon record holder were to run at record pace for the Six Foot Track Marathon, he would finish in 3:08 and for the females, she would run 3:24.

The top 3 males & females in 2005 were:

		MALE			FEMALE			
AGA Pos	Race Pos	Name	Points	Age	Race Pos	Name	Points	Age
1	5	Trevor Jacobs	968	53	8	Emma Murray	919	27
2	7	Richard Were	912	49	11	Suzanne Kelly	820	39
3	3	Don Wallace	911	43	128	Carol Baird	798	55

In short, it means that **Trevor Jacobs** had overall the best run on the day when his age and sex were taken into consideration. Well done Trevor !

The complete Age & Gender adjusted results and details for all runners are available from the race website [www.sixfoot.com](http://www.sixfoot.com)

## John Overton Memorial Fire-fighter Award

This year saw the 3<sup>rd</sup> John Overton Memorial Fire-fighter Award being presented. This is a perpetual trophy awarded to the first firefighter to cross the line - regardless of whether full-time, professional or volunteer fire-fighter.

John Overton, 52, was killed on the evening of 21st September 2002 when working as a volunteer with the Kanimbla Rural Fire Brigade at Mt Piddington, near Lithgow, NSW. John was working with a group felling a burning tree, during a hazard reduction burning, when he was struck by the tree and killed. John has completed the event twice (2002 in 4:33 where he won the over-50 age category and 1999 in 4:49). The Six Foot Track Marathon was his favourite event to compete in.

# The Mob Run Results 2005

1. Every runner who completes the run within the cut-off time will score for their team depending on how far up the field they finish. The first placed runner receives the same number of points as there were entrants. The 2nd placed runner receives 1 point less, and so on. If all runners that entered, had finished the race within the cut-off, the last runner would score 1 point.
2. Runners that drop out or who miss the cut off score zero points.

# Growth Of The Race

# Frequent Runner Awards 2005

The Six Foot Track Marathon has a tradition of awarding runners who return to the event year after year. That is; a belt buckle for 6 finishes within the time-limit, a leather belt after 12 official finishes, and for those special runners who complete their 18<sup>th</sup> event within the time-limit they are awarded a special Six Foot Track Marathon jacket.

We are very proud of these runners' efforts – which in some cases have taken a considerable number of extra years to actually make the required number. Well done !

The awards for this year were as follows :

## **Jacket – 18 Years**

None this year!

*The race committee therefore feels an obligation to provide the balance sheet for our runners to peruse and to be open about how and where the considerable monies raised are spent, and how much is passed on. (see opposite page).*

*If anyone has an interest in helping the event out in the long term for future generations of runners, feel free to contact the race committee or browse our website [www.sixfoot.com](http://www.sixfoot.com) The committee today consists of runners who have chosen to be involved purely because they love this great race of ours.*
